

Pet Pantry

at The Community FoodBank of NJ in cooperation with

ABSECON VETERINARY HOSPITAL

Absecon Veterinary Hospital created the Pet Pantry so clients of the FoodBank's 260 partner agencies can get food for their pet when they get food for the rest of their family.

Thousands of our neighbors are unemployed and some can't afford to feed or keep their pets. For some, a pet is the only companionship they have.

Absecon Veterinary Hospital is committed to keeping pets and their families together.

With your help we can.
